As per the Act respecting Access to documents held by public bodies and the Protection of personal information (RSQ, C. A-2.1). I request that the City of Montreal provide me the following information:

I am seeking all the documents that show how the following boroughs operational budgets are determined by the centre city for the years since 2017

The boroughs are:

Sud Ouest

I understand that there is a formula used to determine the borough operational budgets. I seek documents that reveal how the formula is used and ALL the metrics and sources of this data that are used in the calculation of the operational budgets for the boroughs listed above.

As per the law, you have 20 days to respond to my request.

Please govern yourself accordingly,

Cordially,
